City Council Passes Resolution to Approve Bi-Annual Work Plan

FALLS CHURCH, VA. – On October 30, 2004, City Council held its bi-annual retreat to discuss City business, the future of the City, and to prepare its two-year work plan. This meeting resulted in the successful development of City Council's living document that represents its plans to provide the City Manager and City staff with policy guidance on the City's financial, economic development, environmental, transportation, housing, and other similar issues through June 30, 2006.

The City Council's detailed work plan is now available on the City's Web site, www.ci.falls-church.va.us, and lists City matters to be addressed within the next two years in chronological order as well as by topic.

City Council held its first City Council retreat in 2000 and found the process of establishing short and long-term policy goals to be a successful tool for accomplishing the multitude of City initiatives. The City Council, City Manager Dan McKeever, and City staff is energized about using the Work Plan as its guide for continuing to provide superior service delivery to the City of Falls Church.

For more information about the City Council Work Plan, please visit www.ci.falls-church.va.us or call the City Manager's Office at 703-248-5001.
